*July 2021*

## **Member Plant Workshop**

**Current members are invited to bring in their bonsai plant material**

This meeting will not have a demonstration so more time can be devoted to helping society members. Current members are invited to bring in your plants you to show off or ask questions of our experienced members. Questions about ailing plants, soils, repotting, wiring, styling and feeding will be answered. Even if your plants are perfect as they are, bring in one and share its story with other society members.

### **Meeting Agenda**

- Meet and greet
- Call to order; Society Business Summary
- Welcome new members and member introductions and plants brought in.  
Member Plant Workshop with members and their plants
- Raffle
- Meeting end and cleanup

### **Meeting Details**

- When: 11 July 2021 at 10:30 am – Meeting open to all members and visitors.
- Elks Club basement around back beside the back patio deck.

# CBS Potpourri

## Good Luck Brian

CBS wishes Brain Larsen all the best in his move to Oregon, planned for July. Brian gave an informative talk on styling, collecting in the wild and his technique for plant on rock. Our society will miss his talent and experience.

Brian Larsen

Plant on Rock

## From the President's Desk

Ruben has some member bonsai tips to remember during the more common triple digit heat of summer.

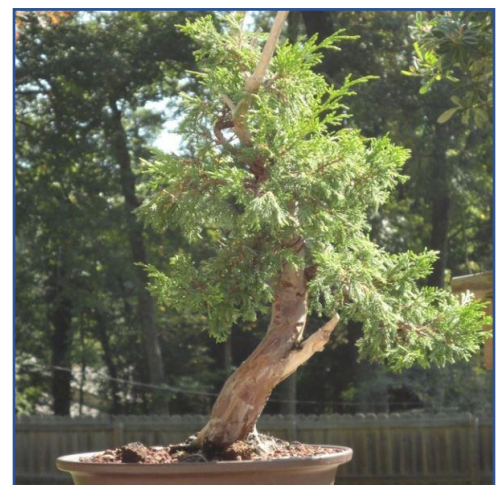

- For shohin trees [2-6 inches in height]. Watering twice, in early morning and at sunset are best times. The heat dries out the roots quicker in the summer and may stunt or kill your tree.
- After repotting, keep plant out of direct sun for a few days to reduce stress and allow the roots to reestablish themselves.

## Challenge Question

Which of the following is not a variety of Chinese juniper?

- a. Itoigawa
- b. Shimpaku
- c. Kishu
- d. Chisai
